SUMMARY

A full-stack developer specializing in Laravel and React.js with over one year of hands-on development experience. Demonstrates expertise in building responsive web applications and RESTful APIs. Proven track record of delivering user-centric solutions through effective collaboration with cross-functional teams.

EXPERIENCE

AUGUST 2024 – NOVEMBER 2024
SOFTWARE DEVELOPER – INTERNSHIP, MEDIISHA NEPAL.

- Developed backend functionalities using PHP and Laravel, creating REST APIs for seamless data exchange.
- Utilized jQuery and AJAX to implement real-time updates, enhancing user experience.
- Successfully deployed and maintained applications on the organization's intranet server.
- Collaborated with cross-functional teams, including product managers and designers, to deliver multiple projects on time.

APRIL 2024 - JULY 2024
FRONTEND DEVELOPER - INTERNSHIP, PAG NEPAL.

- Developed responsive user interfaces using modern frontend technologies including React.js, Bootstrap, and Tailwind CSS.
- Gained hands-on experience in JavaScript and React.js, developing interactive and dynamic user interfaces.
- Contributed to code reviews and technical documentation to maintain high code quality standards.

PROJECTS

Personal Portfolio Website
Technologies: *React.js, Tailwind CSS*

Learning Projects
Technologies: *Laravel, React.js, jQuery, MySQL, Tailwind*

Developed several hands-on learning projects to deepen technical expertise:
- **E-commerce Practice Project**: Built a furniture store interface with Laravel and jQuery, implementing product catalog, shopping cart, and admin dashboard features.
- **Task Management Application**: Created a to-do application using Laravel, jQuery AJAX, and Tailwind CSS, implementing CRUD operations with real-time updates and responsive design.
- All projects followed the industry's best practices for code organization and documentation.
- Implemented proper version control using Git/GitHub throughout development.

KEY SKILLS

- HTML5
- CSS3
- Bootstrap5
- JavaScript
- Tailwind CSS
- React.js
- Rest Api
- PHP
- Laravel
- Python
- MySQL
- Git
- GitHub

EDUCATION

Master of Data Science
La Trobe University
2025-present

BICTE (Bachelor of Information Communication Technology Education)
Tribhuvan University
2018-2024
